

Computing

We are detectives – Communicating clues using an email system and excel.

We are zoologists– Recording bug hunt data using excel software, Google Maps and Google Earth.

Music

Vocal development:
Pupils explore how to use their voice to compose music and how their body can be used as an instrument.

R.E

Islam - pupils explore the foundations of the Islamic religion.

Beliefs in our community
Pupils explore beliefs in the local area.

Science

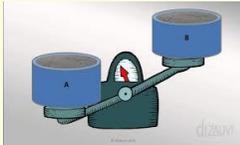

Plants and Save the Bee campaign- run experiments to understand the conditions for germination. Children will understand the importance of bees and learn about pollination.

Humans and Animals- explore living things and their bodies.

Numeracy

- Adding and subtracting numbers within one hundred with regrouping.
- Using our knowledge of the inverse to answer missing number problems.
- Reading scales in divisions of ones, twos and fives. This includes scales with missing numbers on.
- Measurements with a focus on mass and capacity.

Ark Franklin Curriculum Map Summer Term Year 2

Literacy

Poetry: Really Looking

Children will explore poetry by Michael Rosen (including 'Don't') and look at the different features he uses such as repetition and rhyme. At the end of the genre, children will write their own version of the poem.

Report Writing

Children will look in depth at writing non-chronological reports using sub-headings, paragraphs and facts.

Outdoor learning

We will be learning about the life cycle of a plant and looking at how living things survive and thrive in our outdoor garden.

Learning excursions

Synagogue
Mary Seacole trip

P.E

Throwing and catching –
Fields games - striking and fielding
Groovy Gymnastics –
Simple gymnastics actions with control, balance, travel, linking a sequence together.

History/Art

Florence Nightingale and Mary Seacole- explore their contribution, understand their significance as historical figures and compare their life stories.

PSHE

Health and well-being and living in the wider world
