# Ark Franklin Primary Academy

Year 4 Parent Booklet

This leaflet provides information for parents on the end of year expectations for children in our school. The National Curriculum outlines these as being the minimum requirements your child must meet in order to ensure continued progress.

All the objectives will be the focus of direct teaching; any extra support you can provide in helping your children to achieve these is greatly appreciated.

If you have any queries regarding the content of this leaflet, or want support in knowing how best to help your child, please talk to your child's teacher.

Reading

- Discuss and express views on a wide range of fiction, poetry, plays, non-fiction and reference books.
- Recommend a range of books they have read to their peers, giving reasons for their choices.
- Check the text makes sense, discussing their understanding and explaining the meaning of words in context.
- Draw inferences e.g. of character's feelings, thoughts and motives from their actions, and justify with evidence from the text.
- Predict what might happen from details stated and implied.
- Identify main ideas and summarise them.
- Identify how the author's choice of language (including figurative language) and presentation, contribute to meaning and consider their impact on the reader.

Writing

- In narratives, demonstrate changes in place and/or jumps in time
- Use paragraphs logically to organise ideas around a theme
- Vary sentence length for effect e.g. long sentences to enhances to enhance description or add information; short sentence to add pace
- Start sentences with a simile e.g. *As curved as a ball, the moon shone brightly in the night sky*
- Use the full range of punctuation for direct speech

Mathematics

Addition

Add numbers up to 4 digits using the formal method of column addition

$$
\begin{array}{r}
3,814 \\
+2,647 \\
\hline
6,461
\end{array}
$$

Subtraction

Subtract numbers up to 4 digits using the formal method of column subtraction

$$
\begin{array}{r}
47,361 \\
+2,463 \\
\hline
49,824
\end{array}
$$

Multiplication

Multiply a two and three-digit numbers by a one-digit number using a formal written method

$$
\begin{array}{r}
345 \\
\times 3 \\
\hline
1035
\end{array}
$$

Division

Use known multiplication facts to create associated division facts

E.g. 27 ÷ 9 =

84 ÷ 12 =

Fractions

Add and subtract fractions with the same denominator where the answer may be an improper fraction
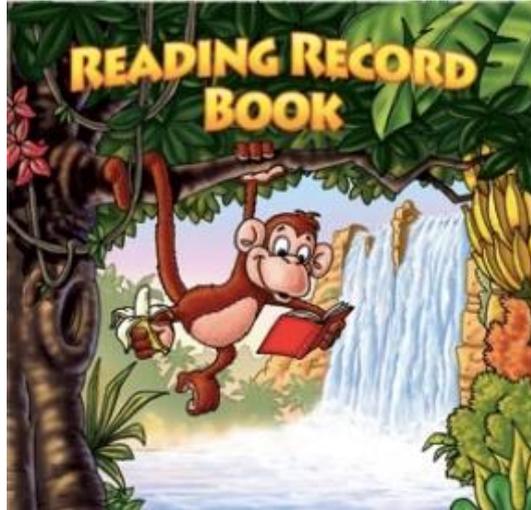

$$\frac{4}{7} + \frac{6}{7} = \frac{10}{7}$$

Find fractions of amounts using known multiplication facts

Times Tables

Recall all times tables up to 12 x 12

Homework

We expect **all children** to read **out loud** for **at least** 20 minutes per night with an adult. They should then log the page that they read up to in their reading record (pictured above) and write a brief comment about what they have read. Please sign this to indicate that you have read with them that evening.

Fifteen spellings will be sent home each week to learn. Please ensure that your child writes each spelling in a sentence in their spelling homework book.

Any extra homework may be set according to your child's individual needs.
