

Morning Message from Miss Beckett

Good Morning Nursery!

I hope you all had a good weekend and are ready for another busy week of home learning. Thank you to those of you who shared your weekend fun on Seesaw.

Let's start the week off with a Monday song.

<https://www.youtube.com/watch?v=Nk5EUUnm7rc>

Watch this song about the four seasons of the year.

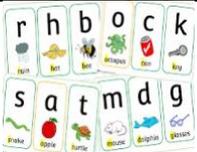

<https://www.youtube.com/watch?v=ksGiLalx39c>

Do you know what season it is now?

You are correct. It is **winter**.

Talk with an adult about winter weather, and about the types of clothing we need to wear in winter.

Literacy

Last week, I know that many of you worked hard at your letter formation. You practised the letters

c o a d g

These letters all follow the same starting pattern, and there is one more letter in that group, which is the letter **q**

Watch how Squiglet writes it, and then have a go at forming it correctly.

Remember, you don't have to practise doing this on paper!

I was impressed to see some super letter formation on Seesaw last week, and some of you found very creative ways to practise forming the letters correctly!

Mathematics

Today I would like you to be **Number Detectives** and go on a **Number Hunt** in your home or when you are out on your walk.

Look around you and see if you can spot any numbers.

You might want to look on your front door, on the washing machine, on your remote control and on a clock. Can you find numbers anywhere else in your home?

Which numbers did you find? Where did you spot them?

Can you write some of the numerals that you managed to spot?.

Other Activities

See if you can do this **Boogie Beebies** work out and learn the **Every Kind of Weather** Song and Dance

<https://www.youtube.com/watch?v=SgcnoX8RCFA>

Can you make a weather chart? There are some ideas for weather charts on page 2. Have a go at making a chart and you can then become a weather boy or girl and tell your family about the weather each day. It might also help you to learn to read the names of the different days of the week! I look forward to seeing your weather charts on Seesaw, and maybe some of you will be brave enough to record yourself talking about the weather!

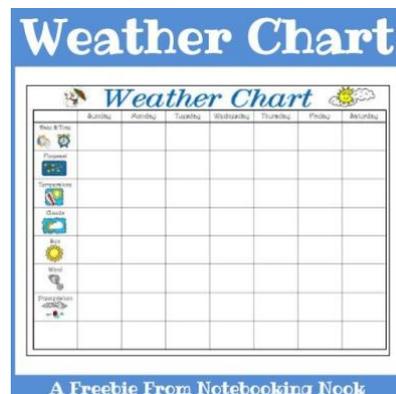

Weather Chart Ideas

Here are some examples of weather charts you might want to try, but you can also use your own ideas.
I look forward to seeing your weather charts soon.

What will the weather be like this week ?

	Days of the week	Weather
 sun	Monday	
 snow	Tuesday	
 cloudy	Wednesday	
 windy	Thursday	
 rain	Friday	
	Saturday	
	Sunday
