

Morning Message

Welcome to British Values Day!

Please watch Miss Baldwin's introduction [here](#).

Today will be split in to three lessons, each taught by a different Year 2 teacher.

**Miss Head** is going to focus on the value of responsibility.  
**Miss Baldwin** will be exploring the value of initiative.  
**Mr Wernick** will be delivering a lesson on happiness.

In your afternoon briefing your teacher will be asking you about what the **ARISE** values mean to you and how you can show them in our community. Be ready to be called upon!  
You can watch a very short clip of Miss Baldwin, [here](#), to give you some ideas.

Our values form the acronym **ARISE**; this stands for **Achievement, Respect, Integrity, Support and Effort**. These characteristics are what we believe all children need to become the best they can, achieving life-long success.

Responsibility

Today we are learning to understand what our responsibilities are and how they make sure we live in the kind of place that we value and have rights in.

We will think about our responsibilities in school, at home and in our community.

Watch [the lesson here](#) and find the [extra video here](#).

For the task, you will need (preferably blank) paper, a pen and a ruler.

Taking Initiative
