

Morning Message

Happy Monday Year Three!

Watch today's morning video message [here](#).

Well done on another brilliant week of learning and a special well done to all our Stars of the Week! Let's start with a poetry reading from the one and only Michael Rosen – this one is entitled 'Dinner time' and is a humorous look at lunch time in a school!

<https://www.youtube.com/watch?v=IsNPrhs22ys>

It's nearly summer, so let's finish the last few weeks we have in the same positive, upbeat manner! 😊

Writing

This week, we're doing something very special for our writing task. We are writing to the residents of the Victoria Care Centre, based near us in Brent.

As you can imagine, the residents of an old people's home are likely to be feeling rather lonely because of the Corona virus and your letters could really make a difference to their wellbeing.

Click [here](#) to for the activity details.

Reading

**Fabio the World's Greatest Flamingo Detective: Peril at Lizard Lake by Laura James**

Meet Fabio and Gilbert, two animal detectives who are feeling a little bored and frustrated, until the phone rings...

[Read](#) on to meet the duo and answer the questions.

Mathematics

This week you'll be looking at different ways of measuring – today is measuring MASS. If you have scales at home, why not have a go at measuring objects – ingredients perhaps?

Watch the video at <https://whiterosemaths.com/homelearning/year-3/>  
(Summer Term – Week 11 (w/c 6<sup>th</sup> July) – Lesson 1

Complete the worksheet [here](#).

Complete your daily arithmetic (brainbusters) and find Friday's answers [here](#).

Computing To Dos

2TYPE

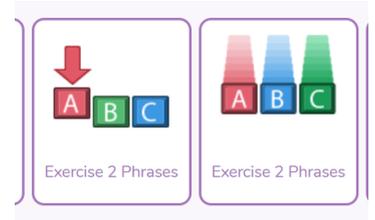

Today we are working on our typing skills. Please go to:

Purple Mash > Computing > 2 Type > Phrases Exercises

Please do:

1. Exercise Phrases 2 A
2. Exercise Phrases 2 ABC

DT

Lost on the high seas

Long before we had Google maps or airplanes, explorers had to find other ways to reach new lands without getting lost. They sailed the seas using a compass. You have learned about one of these explorers; Christopher Columbus. A compass is a device that shows the different directions – North, South, East, and West. A compass needle will always point North, so you can figure out which way you are going.

Find out how to make one [here](#).

Question for the day

Which house rule would you change if you got the chance?

Weekly Spellings

Remember to learn the words in the context of a sentence – only practise writing the target word though!

**every everybody even great break steak pretty**

**beautiful after fast**

Complete your first spelling activity [here](#) 😊
