

Year 5

Date 17.07.20

Morning Message

Good morning Year 5 (soon to be Year 6!)

We have made it to the end of term but it is not the summer break yet – we have many activities to keep you busy in your home learning today! Make sure to watch the final assembly of the year [here](#).

We are all so incredibly proud of every single one of you. You have embraced the challenges of the past few months with tremendous resilience and determination. It has been an absolute joy to teach you and we know that you will achieve amazing things in Year 6.

Congratulations Liverpool, Limerick and Kingston. You did it!

All the best,

Miss Smeltzer, Mr Murphy and Miss Collins

Writing

Today you are going to be writing your own independent non-chronological reports about Paris! You will be using the same structure as you have for this week's writing and to save you some time, key facts have been included in a plan for you to use. All you need to do is select the facts you wish to use and get writing

Warm up: Watch [this video](#) to familiarise yourself with Paris again watch this overview video of Paris

Main activity: find the key facts (colour-coded for you as well!) and the models [here](#). Then write the whole report. This sounds like a lot of work, but we expect it to take less than an hour 😊

Editing: Give your work a final polish with [this checklist](#) and then upload to Seesaw!

Mathematics

You can find the final maths challenge of the year here!

<https://whiterosemaths.com/homelearning/year-5/>

Computing To Dos

Purple Mash> Computing>

Complete the following tasks:

1. Friendbook
2. Meeting online

Science

Today you are going to be learning about asexual reproduction in plants and having the opportunity create more botanical illustrations. Please find more information [here](#)

Celebration and Appreciation

Think about the piece of work you are most proud of this year? Why is that?
