Morning Message

Good morning Year 6!

Welcome to the end of another week of Home Learning and well done for all of your **wonderful efforts** so far this term!

If you're looking for something creative to do over the week, then why not have a go at making a 'Colour Wheel'. Here's some pictures that might inspire your designs!

Remember to attend your class briefings on teams. Your morning briefing is at 8.40am and your afternoon briefing is at 2pm. **We've had almost 100% attendance this week – woohoo!**

Have a great weekend everybody 😊
Year 6 teachers

Writing

Wow! What brilliant efforts you all made with your writing yesterday. You clearly described your features and your use of language was persuasive and effective – well done everyone!

What's coming up today?

In [today's lesson](#), we will be finishing writing our promotional leaflets; first, you will include details of one more feature, then you will include a special offer that is both realistic and appealing to the reader.

No iphones or holidays please – remember your audience 😊

Reading

Happy Friday Year 6!

Today we are moving onto a new piece of non-fiction reading! We are going to look at a debate from The Weekly Junior (a children's magazine) all about whether wolves should be reintroduced to Britain.

You can find the video for the lesson [here](#) and a copy of the text [here](#).

Please mark your work and upload it onto Seesaw – we cannot wait to see all your great work 😊

Mathematics

Well done- nearly every single child uploaded their maths work yesterday. Please remember to watch the entire video and do the arithmetic and reasoning questions. In today's [video](#) there are 12 main questions, and a few extra challenges for those of you who are feeling brave. Keep up the FANTASTIC work everyone.

Computing – Purple Mash

Please watch today's short [video](#) on computing on how to create a Science quiz on Purple Mash. Please first get hold of your Purple Mash login – let your teacher know if you need it.

Please create your questions related to what you have learnt this year in Science in **Evolution and Adaptations** and your target audience will be Y6. Please write a minimum of **10 questions**. Remember to share your completed quiz on the **Y6 Science quiz display board** after saving it so that others can see your amazing quiz!

Question for the day

What is your favourite part of **winter**?

Weekly Spellings

Please do the spelling test using this [video](#) of Ms Tan reading out the spellings. Remember to put your spelling words away during the test. All you need is a pen and paper. Good luck!
