

Ark Franklin Primary Academy

Year 5 Parent Booklet

This leaflet provides information for parents on the end of year expectations for children in our school. The National Curriculum outlines these as being the minimum requirements your child must meet in order to ensure continued progress.

All the objectives will be the focus of direct teaching; any extra support you can provide in helping your children to achieve these is greatly appreciated.

If you have any queries regarding the content of this leaflet, or want support in knowing how best to help your child, please talk to your child's teacher.

Reading

- Recommend a range of books they have read to their peers, giving reasons for their choices.
- Explain the meaning of words in context.
- Draw inferences e.g. of character's feelings, thoughts and motives, from their actions, and justify with evidence from the text.
- Predict what might happen from details stated and implied.
- Summarise the main ideas and identify key evidence to support.
- Identify how the author's choice of language, including figurative language, impacts on the reader.
- Retrieve, record and present information from non-fiction texts.

Writing

- In narratives, describe settings, characters and create atmosphere to engage the reader
- Use further organisational and presentational devices to structure text and guide the reader (e.g. headings, bullet points, underlining)
- Use relative clauses beginning with *who*, *which*, *when*, *whose*, *that* or with an implied relative pronoun
- Use brackets, dashes or commas to indicate parenthesis
- Use a colon to introduce a list

Mathematics

Addition

Add numbers with more than four digits using the formal method of column addition

$$\begin{array}{r} 47,361 \\ + 2,463 \\ \hline 49,824 \end{array}$$

Add decimals (where the two numbers may have a different number of decimal places)

$$\begin{array}{r} 3.846 \\ + 2.900 \\ \hline 6.746 \end{array}$$

Subtraction

Subtract numbers with more than four digits using the formal method of column subtraction

$$\begin{array}{r} 47,301 \\ - 22,143 \\ \hline 25,158 \end{array}$$

Subtract decimals (where the two numbers may have a different number of decimal places)

$$\begin{array}{r} 6.400 \\ - 2.138 \\ \hline 4.262 \end{array}$$

Multiplication

Multiply a three-digit number by a two-digit number using the formal method of long multiplication

$$\begin{array}{r} 352 \\ \times 36 \\ \hline 2112 \\ + 10560 \\ \hline 12672 \end{array}$$

Division

Divide numbers up to four digits by a one digit number using the formal method of short division

$$\begin{array}{r} 6,462 \div 3 \\ \hline 2,154 \end{array}$$

Fractions

Add and subtract fractions with different denominators

$$\begin{array}{l} \frac{2}{3} + \frac{3}{4} \quad \text{C.D.} = 12 \\ \frac{2}{3} = \frac{8}{12} \quad \frac{3}{4} = \frac{9}{12} \\ \frac{8}{12} + \frac{9}{12} = \frac{17}{12} \end{array}$$

Percentages

Find 10% of a number

Find a multiple of 10% of a number

$$\begin{array}{l} 30\% \text{ of } 80 \\ 10\% = 8 \\ 30\% = 24 \end{array}$$

Find 5% of a number

Homework

We expect **all children** to read **out loud** for **at least** 20 minutes per night with an adult. They should then log the page that they read up to in their reading record (pictured above) and write a brief comment about what they have read. Please sign this to indicate that you have read with them that evening.

Fifteen spellings will be sent home each week to learn. Please ensure that your child writes each spelling in a sentence in their spelling homework book.

Any extra homework may be set according to your child's individual needs.
