

# Year 6

Date: 14.05.20

## Morning Message

Hello Year 6!

Isn't it hard to believe that today is the last day of your virtual SATs week? To mark this special occasion, we'd love you to have a go at our Silly SATs Reasoning and Arithmetic papers that can be found in today's maths section.

When you've finished both papers, why not go and run around your garden to celebrate? You might even treat yourself to your favourite snack! But even though you haven't completed the real things, **we want you to know that we're so proud of everything you've achieved during your years at primary school, and we hope that you feel proud of yourselves too!**

Have a great day team ☺

Miss Love, Ms Graham and Mr Vadera

## Writing

You have produced some incredible writing from this video this week, and we're hoping for more of the same today!

Before you start, [watch the video](#) again and pay attention to the key events that happen throughout.

**Task:** Today you will be writing a police incident report detailing what has happened. You will write in role as a police officer and your version of events could even be read out in court, so it's essential that your writing is **extremely formal**, concentrates on the **facts** and **doesn't include any of your own opinion**.

This is a tricky genre to master, so have a look at [today's example](#), and follow the structure if you need.

## Reading

Today's 'Switched-Up Fairytale' is all about a certain

**Tim D'Rella!**

***Will he too go to the ball?***

## Mathematics

Maths today is in honour of the Maths SATs papers we should have been completing!

Have a go at today's [arithmetic](#) (which is actually pretty normal) and then the [reasoning paper](#).

Don't worry if you get stuck; ask a friend or a teacher or even cheat by using a calculator! These are the silly SATs, so all rules are out the window!

Enjoy!

# Year 6

Date: 14.05.20

## Computing To Dos

Today we are going to use MashCams about our learning of **Ancient Egypt**.

Go to PurpleMash > Tools > Mashcams

Select Ancient Egyptian. You can take a picture of yourself as a pharaoh and, give yourself an Egyptian name.

In the text box, you may wish to write a diary entry about being an Egyptian and post a screenshot of your diary entry to SeeSaw.

## Technology

### Egg-sperimenting with Protective Gear

Protective gear is what keeps us safe. For example, in cars we wear seatbelts, on bikes; a helmet, and if you're an astronaut then you wear a very special suit that protects your body from the dangers of being in outer space

Find your Egg-speriment [here](#).

## Mindfulness

### Tiger Pose

- Stand on your hands and knees and stretch out your right leg behind you like a tail.
- Keep your leg straight and your toes should point to the floor.
- Stretch your left arm out in front of you. Use the tips of your fingers to reach forward as far as you can.

And last, but not least, remember to **roar!**

## Weekly Spellings

Once again, here are this [week's spellings](#).

Have one final practice before tomorrow's test if you feel like you need to.
