

Morning Message

Good morning Year 6,

Congratulations on another wonderful week of home learning – we're so proud of everything you've achieved so far!

This week is **Children's Mental Health Week**. Your mental health is just as important as your physical health, so we need to make sure we take good care of it. *Mrs Van der Schaff also prepared an important video for you to watch – see second page.*

Have a great weekend everyone and enjoy a well-deserved rest!
Miss Love, Ms Graham, Miss Ahad and Ms Tan

Writing

Well done for your excellent opening paragraphs to our Alma narrative! There were some outstanding examples of descriptive and figurative language being used to convey mood and atmosphere – well done!

In [today's lesson](#), we are focusing on varying our sentence lengths and using repetition to emphasise points. Will your writing make the reader stop and think? Will they develop a feeling of uncertainty and want to read on?

Reading

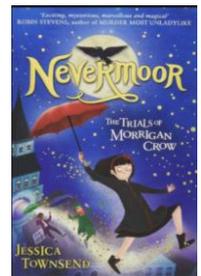

It's fiction Friday Year 6!

Today we are going to read the first chapter of Nevermoor: this is an exciting tale about a cursed child. Our lesson today will focus on key vocabulary taken from the text.

You can find the lesson [here](#) and a copy of the text [here](#). Please ensure you complete both the vocabulary activities and mark it!

Don't forget to upload all of your great reading work onto Seesaw! 😊

Mathematics

Good morning Year 6! It was wonderful to see all your excellent work with finding the area of triangles yesterday. How impressive!

Today we are going to move on to find the area of a parallelogram. Please make sure you are watching the [video](#) carefully and attempting to answer all of the questions. As usual, all questions can be found on the video, but if you prefer, you can access them on this worksheet [here](#).

Please make sure all maths work is completed on paper, preferably squared. Remember, if you need to collect some paper from the school office there are books of squared paper for you to collect 😊

PSHE & Computing

PSHE: Mental Health Week

As we are celebrating Children’s Mental Health Week, Mrs Van der Schaff has prepared a short video message for you.

Click [here](#) to watch the video and here for the [task sheet](#).

Watch this [virtual assembly](#) with CBBC presenter Rhys Stephenson alongside some other special well-known faces, celebrating this year’s theme of ‘Express Yourselves’.

Computing

Please watch today’s video computing on how to create a **Grammar quiz** on Purple Mash. Please use **Text Toolkit and Cloze on Purple Mash** and make **3 questions** using each software – so **6 in total**.

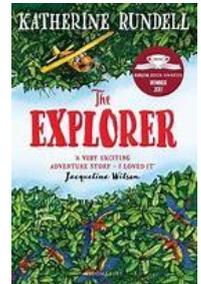

Important: Please remember to **share** your quiz on the **display board** for Grammar quizzes

Music

In music today we are studying the piece *Symphony* by Ravi Shankar and creating a photographic art piece to it! Watch Miss Webster here for more instructions.

Book Club, Question for the Day and Creative Challenge

Please watch this **story time video** of the rest of a chapter in the **Explorer** – remember to listen carefully so you can answer the **question of the day: What are the children building and what are they planning on doing with it?**

Creative challenge: If you want, create a model of or draw a **picture** (using colours if you can) of the thing the children are constructing in the chapter Ms Tan reads in the story time video above. You can also **draw the characters:**

Fred, Lila, Max and Con.

Weekly Spellings

Please do the spelling test using this [video](#) of Ms Tan reading out the spellings. Remember to put your spelling words away during the test. All you need is a pen and paper. Good luck!
